

Fire Dancing by Wild Celtic Rose – 2012 Price List

Price includes up to two hours time on site-including set up and clean up.

1 sets of 4-5 songs using any combination of fire poi, orb, fans, hoop, staff, levi stick, palm torches \$100

2 sets \$150.00 (best deal)

additional set or hour \$25

Travel outside of Tacoma City limits, 50 cents a mile from downtown Tacoma

Requirements for fire performing area

approximately 10 feet in diameter free of overhead obstructions by 15 vertical feet for performing area.

Separate fueling and spinout areas not accessible to the public (roping off is acceptable)

absolutely NO smoking within 25 feet of fueling, performing or spin out areas. This must be posted.

Performance surface should be: concrete, asphalt or other fire resistant surface, or short cut wet grass (hosed down prior to performance) free of holes/rocks/obstructions/trip hazards

a charged garden hose or filled five gallon water bucket must be in reach of safety personnel, as well as a charged/inspected fire extinguisher.

If performance area is indoors, a walk through will be required to check for well-marked easily accessible exits, proper ventilation, fire alarms and sprinkler systems, ceiling height, construction materials, combustables, and other environmental or safety considerations.

Please note that burning fire tools will create some smoke even with clean, hot, fast burning fuels and consider your ventilation capabilities before attempting to schedule an indoor fire performance.

Permit and associated costs are the responsibility of the hiring agent.

*other restrictions/requirements may be imposed by your local fire marshal
